

A. JAMES CLARK SCHOOL OF ENGINEERING

Walking Directions from Regents Garage to Glenn L. Martin Hall

Walking Inside

Try and park near spots 3518 or 3520 so that you will be near the South East elevator.

Take the elevator to the ground floor (G).

You will exit the garage by the corner of Regents and Field House Drive.

Cross Regents Dr.

Enter the Chemistry Bldg. (091) which is slightly to your left and left of the Physics Bldg.

Walk straight down that hallway which is Wing II.

If you pass rooms 1228/1224, you are on the right track.

When the hallway ends, turn right.

Go down 1 full flight of stairs and then a ½ flight.

Go out the black door that says “Open Door Slowly”.

Glenn L. Martin Hall is the building in front of you.

Use the first crosswalk to enter Martin Hall. (The E+M Café will be in front of you.)

Go up 2 flights of stairs (past the Taco Bell, unless you’re hungry and want a snack.)

Turn right and walk down the hallway. If you pass rooms 1102/1104 you are on the right track.

Keep going past the bust of Glenn L. Martin (it looks like a dead-end but it isn’t) until you see Suite 1131 (double glass doors on your left).

Once you enter, the Engineering Career Services Office is the second set of doors on the right. Congratulations, you made it!

If you get lost and ask for directions, don’t just ask for the Engineering Bldg. since there are 15 of them. Ask for Martin Hall which is on Campus Drive near the front entrance to the University. Or call us at 301-405-3863.

Walking Outside

Try and park near spots 3518 or 3520 so that you will be near the South East elevator.

Take the elevator to the ground floor (G).

You will exit the garage by the corner of Regents and Field House Drive.

Go right on Regents Drive back toward Campus Drive.

Turn left on Campus Dr.

There are 2 paths on Campus Dr. Take the one that is closest to the buildings. You should pass the Physics and Math buildings.

The main entrance to Glenn L. Martin Hall is near the black railing.

Once you enter the building, turn right to get to our suite.

We are in 1131 (double glass doors).

Once you enter, the Engineering Career Services Office is the second set of doors on the right. Congratulations, you made it!

If you get lost and ask for directions, don’t just ask for the Engineering Bldg. since there are 15 of them. Ask for Martin Hall which is on Campus Drive near the front entrance to the University. Or call us at 301-405-3863.
